### Arrival of Monitors.

The monitor Florida, with about sixty midshipmen on board, passed up the river restorday afternoon about 3 o'clock. The moniter Nevada was reported off Indian Head yesterday. She passed up today. The Nevada has on board about the same number of cadets as her sister ships, the Arkansas and the Florida. It is not known how many of the lower class men will be carried to Washington, as it has not yet been determined how many of the ships can be brought up the river. It is the intention of the Navy Department to bring the torpedo-boat destroyers Worden and Whipple and the trainingship Hartford, the old flagship of Admiral Farragut, it the channel will permit, so that by the end of the week there will be a fleet of six or seven war vessels at anchor off the Seventh street wharf in Washington, the largest num- by his wife (who is commed to wharf in Washington, the largest num- by illness) and several small children, ber that has been collected there for some by illness) and several small children, ber that has been collected there for some the youngest being less than two weeks the monitor Arkansas had a narrow es-cape from colliding with the tug Unity, caused by the monitor swinging round to come to anchor broadside to the tug, which was closely following. Much dissatisfaction is expressed by naval officers with the insdequate channel, which will not permit ships of heavy draft to come up the river as far as Alexandria.

### Typhoid Fever.

According to Health Officer Wood-ward, the District of Columbia is now in the midst of the worst typhoid season of the year. During the week ending Saturday there were thirty three new cases of typhoid reported to the Lealth office, making in all 163. The number on hand at the corresponding period of last year was 184. "The increase in the number of cases of typhoid fever," says Dr. Wood-some are said to have received painful ward, "represents merely the usual increased prevalence of this disease during the month of August. Contrary to popularity accepted opinion, August, in this vicinity at least, seems usually to present the heaviest incidence of this disease." Deaths it incidence of this disease." Deaths, it is said, are more apt to occur from two to five weeks after the onset of the disease than at an earlier peroid. A number of persons in Alexandria are suffering from typhoid fever, and some have been confined to their homes for a long time by the disease. There have, however, been but few

### Collecting Garbage.

Col. Myron M. Parker, president of the Washington Fertilizer Company, contractor for the collection of the gar-bage of Washington, called upon Com-missioner Macfarland yesterday morning and assured him that he would do everything in his power to relieve the present unsatisfectory condition, and if neces-sary would go to Alexandria or Balti-more to secure more teams to collect the sary would go to Alexandria or Balti-nore to secure more teams to collect the garbage. There are complaints in this city of the above present of the second. city of the show process of collecting garbage. The trouble orginates from the fact that the facilities for this work are below the requirements. Those engaged in this service are constantly when three trips a week will be made moving from point to point, but they often find it impossible to call at some residences until garbage accummulates and becomes a nuisance

### Narrow Escape.

Mr. Frank T. English, a former Alexandrian, and his little nephew, Jack Robinson, son of Mr. George Robinson, of this city, narrowly escaped serious injury in Queenstown, Princess Anne county, Md., a few days ago. They were seated in a buggy when the front wheel of the vehicle became detached and fell off. The horse became fright-ened and finally collided with a heavy wagon, demolishing the buggy. Mr. English was not seriously hurt, and the little boy escaped without apparent in-

## Fatal Accident.

A colored man, supposed to be named Walter Massey, fell between the cars of a moving train near Clifton, on the Southern Railway, yesterday evening, and his right leg was crushed at the thigh. He was brought to the Alexandria Hospital last night, but died a few hours later from loss of blood and ex-haustion. The unfortunate man was haustion. Russian Fugi-ives.

The number of Russian fugitives from military service entering Germany, on their way to the United States and Great Britain, increases daily, and the German police authorities detain many and deliver them to Russian frontier posts. The fugitives usually buy false passports within Russian territory entitling them to leave the empire, but many risk their lives in escaping across the frontier surreptitiously, notwith standing the acid, and the work, and the probably will be made the occasion of a large industrial celebration.
